**PETITION TO ACCEPT DECLARATION FROM JOINT INVENTORS SIGNING ON
BEHALF OF AN INVENTOR WHO CANNOT BE REACHED
37 CFR 1.47(a)**

Dear Sir:

The Applicants hereby petition under 37 CFR 1.47(a) for acceptance of the enclosed declaration signed on behalf of inventor MICHAEL GARDNER, who is a nonsigning inventor, by all of the other joint inventors. Diligent efforts have been made to contact inventor MICHAEL GARDNER but he cannot be reached.

This petition is made on the basis of the following facts that are relied upon to establish the diligent effort made to secure the execution of the declaration by the nonsigning inventor for the above-identified patent application. Furthermore, this petition is signed by the available person having first-hand knowledge of the facts recited therein.

1. Identification Of Person Making This Statement Of Facts

John P. O'Banion
O'BANION & RITCHEY LLP
400 Capitol Mall, Suite 1550
Sacramento, CA 95814
(916) 498-1010

2. Last Known Address Of The Nonsigning Inventor

Full name of first joint nonsigning inventor:	MICHAEL GARDNER
Country of Citizenship of nonsigning inventor:	UNITED STATES
Last known address of nonsigning inventor:	HALE WEAL INDUSTRIES BUILDING 22-28 TAI CHUNG ROAD, 6/F TSUEN WAN, NT, HONG KONG

3. Details Of Efforts To Reach Nonsigning Inventor

On May 30, 2003, I caused a copy of the patent application and Combined Declaration and Power of Attorney to be sent to Michael Gardner at the last known address listed above via United States Postal Service Global Express Mail, Number EC 100 413 089 US, so that Mr. Gardner could sign the Combined Declaration and Power of Attorney for this application. A copy the transmittal letter is attached as Exhibit A and a copy of the airbill is attached as Exhibit B.

Delivery was attempted in Hong Kong on June 3, 2003. On June 24, 2003, the documents were returned to my office in Sacramento, CA as undeliverable for the reason that Mr. Gardner moved and the new address was unknown. A copy of the Return Notice is attached as Exhibit C, and a copy of the tracking information is attached as Exhibit D.

Since that time, I have instructed my staff to make diligent efforts to locate an address for Michael Gardner through an Internet search, which has proven unsuccessful due to the common usage of the surname and the given name. In addition, each of the joint inventors has been requested to provide any current knowledge of the whereabouts of Michael Gardner. As shown in Exhibits E, F, and G, none of the joint inventors have any knowledge of the current whereabouts of Michael Gardner.

Therefore, MICHAEL GARDNER is an inventor cannot be reached to sign a declaration in connection with this application after making diligent efforts. Accordingly, the Applicants herein respectfully request that this petition be granted.

A Combined Declaration and Power of Attorney is enclosed signed by joint inventors Michael J. Horgan, Tim Allen and Terri McGill. That document also includes added pages where the above-named joined inventors have signed on behalf of Michael Gardner.

Enclosed please find check in the amount of \$130.00 petition fee, under 37 CFR § 1.17(h).

Please charge any fee deficiency to Deposit Account No. 07-1137.

Dear Mike:

URGENT - TIME SENSITIVE TRANSMITTAL

I am enclosing the following documents for you and your co-inventors to sign in connection with this patent application:

1. Combined Declaration and Power of Attorney;

Please note that the Combined Declaration and Power of Attorney requires you to certify that you have read the application, and that you believe that you are an inventor of the subject matter of the application and what is claimed. *Even if you have already reviewed and approved the application, please read the enclosed patent application completely prior to signing these documents.*

Also, if you discover any errors of a minor or typographical nature in the application, the correction of which would be obvious, inherent or implied from the remainder of the application, please bring them to my attention. I can then file a Preliminary Amendment to the application to make the necessary changes. Please note, however, that we are not able to add new matter to the application.

As a reminder, please provide us with copies of prior patents, publications and other information which the inventors, licensee and/or assignee consider to be related to this invention within one-month so that we can submit an Information Disclosure Statement. This is very important as described below.

The USPTO has imposed a strict duty of candor on the inventor, on each attorney preparing or prosecuting a patent application, and on every other individual who is involved in the preparation or prosecution of the application. This duty requires disclosure to the USPTO of all prior art information of which they are or become aware that is material to the examination of the application; *i.e.*, where it would be material to a Patent Examiner in deciding whether to allow a claim pending in the application. ***The courts are enforcing this duty against patent owners, when such information is not disclosed, by ruling that their patents are not enforceable, even where their patent is otherwise valid and infringed.*** Please note that the duty of disclosure under U.S. law extends to published information from anywhere in the world.

So that we may meet this obligation of full disclosure, please list, describe, or otherwise identify any additional prior art of which you are aware. Note that you are not required to make a search for prior art, merely to disclose art of which you are aware. If such prior art is in written form, please attach a copy of same if possible. Also, please bear in mind that this obligation is *continuous*; if pertinent prior art or knowledge should come to your attention at some future time, you should immediately call it to our attention.

Thank you again for your assistance with the prosecution of this application, and please let me know if you have any questions.

Best regards.

Sincerely,

O'BANION & RITCHEY LLP

John P. O'Banion
